Rheumatism and Scrofula.—Hyatt's Life Balsam is as certain to cure the worst cases of rheumatism as water is to quench thirst, no matter how long the case has existed. It cured Mr. J. Snyder, No. 211 Gold street, Brooklyn, after he had been a cripple sixteen years. His bones and joints were drawn out of place and ahape, and he had spent a fortune in remedies and with physicians. The balsam is equally certain to cure serofula, king's evil, the foulest old ulcers, mercurial diseases, neuralgia, &c. It cured Mr. E. B. Holly, No. 125 Orchard street, of an ulcer, after he had been six months in the New York Hospital, and was then given up by the able physicians in that institution as incurable. Three bottles effected a perfect cure. Hundreds of cases, equally stubborn, have been published in the Herald, Sun, and other papers, certificates of which can be seen at the principal depot, 246 Grand street. 75 cents per bottle.

An instrument for measuring and drafting coats.
The author's masterpiece, a correct method for
measuring and drafting coats, being an exact transfer of the shape and figure from the body to the
eloth. By T. OLIVER & SON, 195 Heradway, New York.
First.—T. Oliver & Son contend that their system is
the most correct method for obtaining the true shape
and dimensions of the human figure ever published.
Second.—That after the measure is taken, the instrument
will transfer the same to the cloth with great exactnoss
and leas time. Third.—That it is better adapted in
measuring both sides of the customer in cases of disfiguration. Fourth.—By cutting for the following shaped
persons without any variation from the measures taken:
A large fat man; a very erect person; a high and low
jacket; and as many more garments as the committee
may think proper for us to cut. T. Oliver and Son intend placing the above instrument at the great Exhibition which commences next May, and would be happy to

WASHINGTON AND GEORGETOWN DIRECTORY.

We have received from the compiler, Alfred Hunter, Eq., this valuable publication. In addition to the matter usually found in such books, that of Mr. Hunter contains a Congressional Directory, an alphabetical list of persona holding office, and their salaries, a guide for strangers, and a great variety of useful statistics. It cannot fall to obtain an extensive circulation among our citizens and strangers visiting the metropolis, to whom is must be of great value. This valuable work is afforded at the low price of \$2, and is for sale at the store of ALPRED BUNTER, on Fennsylvania avenue, adjoining the United States Hotel, between Third and Fourth streets.
